IntelliGo is a powerhouse mobile device sporting Android's KitKat (4.4.x) Operating System, Aptoide Open Source App Store featuring over 700k+ Apps across multiple app categories, an RGB LED light source for bright colorful images, and 20,000 hours of lamp life. Users can even download apps from Netflix, Hulu, Amazon Music, Amazon Shopping, Instagram, Spotify, Pandora, Facebook, and Twitter directly to IntelliGo S1.

Weighing a mere 16 Ounces, IntelliGo is small and light enough to be moved from room to room in the home or even tossed into a backpack for entertainment on the go. Packed with advanced connectivity features such as Wi-Fi 802.11n 2.4Ghz/5Ghz for fast access to the internet, the IntelliGo is the ultimate device for downloading apps, surfing the internet, and streaming video. Its Bluetooth 4.0 compatibility is perfect for connecting IntelliGo to your favorite Bluetooth speakers, Optoma BE6/BE6i Bluetooth earphones or Bluetooth enabled AV Receiver for an enhanced audio experience.

Connect a USB Drive or Flash Disk to the USB 2.0 or USB 3.0 port or insert a Micro SD Card into the Micro SD slot on IntelliGo to playback videos, listen to music, and view pictures. Road Warriors and professionals on the go can utilize the IntelliGo to access Sales Force Cloud services, work on Office Documents in Word, Excel, PowerPoint, or deliver a presentation anywhere, anytime.
